Re: Reference for Chef Victoria Davis...

Coastal Domestic Staffing regards Chef Victoria Davis as highly employable. She has both restaurant food quality and presentation skills, as well as having had a very successful and demanding career in luxury yachting.

She is a talented, dedicated, and agreeable culinary professional, who will perform to your households need and standards without issue.

Moreover, she is an experienced, enthusiastic, mature, responsible, VERY STABLE and drama free individual who works well under pressure, follows direction, and performs with a high level of dedication to her position.

Please note that, I have had the opportunity to work with Chef Victoria twice myself, for a very high net worth client at his estate in Boca Raton (Spring 2020) and seasonally, for a high-profile long-time client in the Hamptons, and in 25+ years of household management, consider Chef Victoria Davis to be one of the finest private staff I have ever worked with.

Chef Victoria Davis is classically trained and has both international and domestic experience and she has also completed her comprehensive CDS domestic private staff training, and we hold her in much esteem. I am confident that Chef Victoria Davis would be a very valuable addition to any household as a Private Chef.

Please feel free to contact me.

Sincerely,

Debrina Woods
